

Chesapeake Bee

FOURTEENTH YEAR.

EARLINGTON, HOPKINS COUNTY, KY., THURSDAY, DEC. 3, 1903.

No. 49

COL. THOS. CAMPBELL,

Veteran of Two Wars and Former Hopkins County Man, Dead.

HIS BROTHER, JAMES CAMPBELL, OF MADISONVILLE, VERY ILL.

Col. Thomas Campbell, formerly of Hopkins county, died at his home in Louisville Wednesday morning of last week, of uremic poisoning at the age of sixty-four and was buried at Bowling Green on Thanksgiving day. Col. Campbell had been confined to his bed since last August.

Col. Campbell was a veteran of two wars and one of the best beloved citizens of Louisville. He was prominent in the councils of the leaders of the Republican party in the state and a close personal friend of such men as Judge Walter Evans, Judge Clinton J. Pratt and others.

He is survived by his wife and three sons.

At the age of sixteen he enlisted in the army for service in the Mexican war, and was at the battle of Buena Vista and several other important engagements.

At the opening of the Civil war, he entered the Union army as captain in the Twenty-fifth Kentucky Infantry. For distinguished conduct at the taking of Fort Donaldson he was promoted to the rank of Lieutenant Colonel in the Seventeenth Kentucky Cavalry. Col. Campbell served with Grant's army through a great part of the war. He took part in the engagements at Gettysburg and Shiloh, and was with Grant at Appomattox.

At the close of the war President Lincoln rewarded Col. Campbell's brave and faithful service by appointing him a collector of internal revenue. He held the office until he was elected Clerk of the Hopkins County Court shortly after the assassination of Mr. Lincoln.

For five years preceding his death Col. Campbell served at the Louisville Postoffice in the capacity of Custodian of Labor.

Mr. James Campbell, of Madisonville, a brother of the deceased, is also in quite ill health and was much affected by the news of his brother's death.

In the early days, before Earlington was, Col. Thos. Campbell and Mr. John G. Morton, Madisonville's pioneer banker, used to come courting together at the home of Mr. Critchfield Young, which stood on the site now occupied by the residence of Mr. John B. Atkinson. Mr. Morton married the daughter of that household and both are living at a ripe old age at their Madisonville home.

JAMES THOMAS.

The Congressman Was Married at Yesterday Marion.

Congressman Ollie M. James, left Washington Saturday en route home to attend his own marriage to Miss Ruth Thomas, which was announced some weeks since. The wedding took place yesterday afternoon at Marion, the home town of Mr. James and his bride. They will return to Washington after the wedding and will be at home for the winter at the Cairo.

"Woman," says the government agriculturist, "has long hair because she is still a savage." A great many of them have it because they can afford a natural switch.

BURGLARS

Captured at Nortonville Supposed to Have Robbed Post Office at Weldon, Ky.

Among the effects of the two men captured at Nortonville last week was found a key belonging to the post office at Weldon, Ky., which was robbed a short time ago. Inspector Snashong thinks there is no doubt that the two men captured are the parties who robbed the office at Weldon.

Rash-Compton.

Mr. J. R. Rash, manager of the St. Bernard Mining Company's stores of this city, and Mrs. Georgia Compton, of Madisonville, left their respective homes on No. 51 last Thursday afternoon and went to Hopkinsville, where they were married in the parlors of Hotel Latham. The Rev. Jinnett, pastor of the Christian church of this city, performed the ceremony, assisted by Rev. J. W. Mitchell. Mr. Rash is well and favorably known in this county and is prominent in church work. His bride is a lady of lovable character and is admired by all who know her. She is a devoted member of the Baptist church. The many friends of the bride and groom wish them much joy and happiness and a long, prosperous life.

Union Labor Will Be

Fought by This Organization.

Organized labor will have a powerful antagonist in the new national organization of employers' associations which has just been formed in Chicago under the leadership of David McLean Parry, president of the National Manufacturers' Association. The avowed purpose of the new association is to cope with union labor and promote the interests of employers and independent workers. David M. Parry, the prime mover of the new organization, is president of the Parry Manufacturing Company of Indianapolis, which employs 2,000 men. He is a native of Pennsylvania and is 51 years of age. Mr. Parry says it is the intention of the new association to choke off the unionization of organized labor to conduct the business of this country on an unlawful basis and to throw a safeguard about the non-union workman and the man who desires to work for his own interests and for whom he pleases.

Hackney-Nisbet.

B. B. Hackney, of this city, and Miss Clara Nisbet, of Madisonville, went to Hopkinsville Monday morning on the early train where they were united in the holy bonds of matrimony. Miss Nisbet is a charming and attractive young lady of good family and she has a host of friends in this community. She is a sister of Mrs. Kirby Gordon, of Madisonville and of Mrs. Sammie Critchfield of this city. Mr. Hackney is a conductor on the L. & N. and a deservedly popular young man. The happy couple will make their home in Earlington. The Bee joins the many friends of the bride and groom in wishing a long, happy and prosperous life.

Will be Wedded Soon.

It is stated on reliable authority that Mr. Claude Montague, who was formerly manager of the Cumberland Telephone and Telegraph Company at this place, and Miss Lora Sugg, a charming young lady of Madisonville, are to be united in matrimony at an early date. Both parties are well and favorably known in this community and have a host of friends in Earlington and Madisonville.

GO TO ST. LOUIS.

Joint Committee of Kentucky Press and Exhibit Associations

Will Arrange for Courtesies to Pencil Pushers Next Year.

Louisville, Ky., Nov. 30.—A committee, composed of President Paul M. Moore, Vice-President Louis Landrum, Secretary R. E. Morningstar, Executive Committee T. C. Underwood, of the Kentucky Press Association; President A. Y. Ford and Secretary R. E. Hughes, of the Kentucky Exhibit Association, and Geo. L. Garrett, traveling passenger agent of the L. H. & St. L. Ry., will spend Friday and Saturday of this week (Dec. 4 and 5), at the World's Fair grounds in St. Louis to arrange for the trip of the Press Association on Kentucky Day (Thursday, June 2, 1904), when the body will be the guest of the Kentucky Exhibit Association, and to get some information as to Press Parliament Week during May, 1904, when a delegation from the Press Association will represent the Kentucky editorial organization.

The joint committee makes the trip at this time so it will be able to report to the Mid-Winter meeting of the Press Association, at the Galt House in Louisville, Friday, December 11. It is a foregone conclusion that Messrs. Moore and Ford and their party will be able to arrange for every known courtesy for the trip of the "pencil pushers" both in May and June. The Kentucky editors will be entitled to and will receive the very best that is going during their stay in the Exposition city. The World's Fair officials have already assured the committee that every kindness will be shown the editors.

While on the grounds the committee will have the pleasure of seeing the "New Kentucky Home," the building that is rapidly nearing completion and is to help represent the old commonwealth at the big show. The members will also be shown through the main exhibit places wherein the Exhibit Association has reserved many thousand square feet of space for displays of the State's products, resources and industries.

Slight Snow.

A slight snow fell here Tuesday evening and night but not a sufficient quantity to make rabbit hunting good. The boys are expecting and hoping for a heavy fall of snow, in time for the holidays however.

REV. C. W. HESSEN

Has Secured a List of Fine Lectures for Providence.

Through the laudable efforts of Rev. C. W. Hessen, pastor of the Methodist church, a fine lecture course has been arranged for Providence. Five of the best attractions that could be furnished by the Southern Lyceum Bureau have been secured and will be given each month during the winter season. The following is the list:

Prof. Chas. Lane, Humorist. Elias Day, Characterist. The Dunbar Hand Bell Ringers. Germaine, the Magician. A. W. Hawks, the Laughing Philosopher.

The first of the series will be the lecture of Prof. Chas. Lane, which will be delivered on Friday night, Dec. 18th. He is a humorist of rare powers with a broad reputation. They are fine attractions and the people of Providence are to be congratulated on getting them, and should appreciate Mr. Hessen's interest in the matter.

EDUCATORS

Of the Second Congressional District Meet in Madisonville.

The Second Congressional Teachers' Association convened in Madisonville Friday morning and a number of the prominent educators of the district were in attendance. A good representation of the teachers of the county were also present. It was a highly intelligent body of men and women that assembled at the court house and many educational topics of interest were discussed in an able and instructive manner. The meeting was called to order by Prof. Thomas H. Smith, president of the association.

Friday night an entertainment was given at the Cumberland Presbyterian church that was largely attended. Prof. J. J. Glenn, of that city, delivered the welcome address and Prof. McHenry Rhodes, of Owensboro, charmed the audience with a delightful address, subject, "The Boy and the Book." A selection was also rendered by Miss Hamilton, who is an accomplished elocutionist, that was highly entertaining to the cultured audience.

At the conclusion of the exercises at the church the assembly dispersed and went to the opera house, where they witnessed that excellent play, "The Professor's Love Story," and at the end of the play the teachers were given an elegant spread at Smith's Hotel. The banquet was given by the business men of the city and was gotten up under the direction of Mr. I. Bailey, who is a connoisseur in that line. A number of toasts were made at the feast, which was a bounteous one, and Miss Sallie Brown carried off the honor as toast master for the occasion.

The association adjourned Saturday afternoon at 8:30 o'clock to meet at Hopkinsville next year.

DESTRUCTIVE FIRE

Wednesday Morning at 2:30 O'clock Destroys two Residences—The Alarm Around the People of Earlington—Both St. Bernard Property.

Wednesday morning, about 2:30 o'clock, the alarm of fire was given and it was discovered that the house occupied by Chas. Egloff, a miner in the employ of the St. Bernard Mining Co., was on fire. This was a frame building and was soon consumed, the entire contents being lost. The flames quickly spread to the adjoining building, occupied by Mr. Dubuisson, which was also burned in a short time, but a majority of the contents were saved. The origin of the fire is supposed to have been a defective fire.

Joe Egloff had a somewhat narrow escape from the flames and had his hair badly singed while escaping from an upstairs room through the window and the front porch roof, the stairway having been burned.

Both of these dwellings had recently been put in good repair by the St. Bernard Company.

Schlitzbaum Convicted.

A. B. Schlitzbaum was given one year in the penitentiary by a jury at Hartford last week on the charge of having embezzled \$80 from the I. C. R. R., while agent at Fordsville in August 1903.

Maine's log cabin at the World's Fair will be built in the Maine plinches. It will then be taken down, the timbers carefully marked, and the material shipped to St. Louis where it will be reconstructed.

WEATHERLY-JUREY.

Groom Former Madisonville Boy and a Coming Railroad Man.

MARRIED LAST EVENING

AT PEWEE VALLEY, KY.

Pewee Valley, Ky., Nov. 29.—The principal event of the winter will be the marriage of Miss Corey Jurey to Mr. Sherman Weatherly at 7:30 o'clock next Wednesday evening at the Presbyterian church. Rev. C. M. Creighton will perform the ceremony. The attendants will be four ushers, Messrs. H. Louis Armstrong, Frank Sutton, Will F. Hinkle and Will T. Micon; the flower children, Miss Lucie Jurey and Master William Mack Ingles; the ring bearer, Miss Margaret Jurey; the matron of honor, Mrs. M. Harvey Ingles, and the best man, Mr. Will Bomer. Miss Mayme Hinkle will sing and Mrs. Claude Allen will preside at the organ. The church will be prettily decorated with ferns, palms and white chrysanthemums. Miss Jurey will wear a gown of white crepe de chine and chiffon over white taffeta and the customary tulle veil, and will carry white carnations. Mrs. Ingles will wear white crepe de chine over white taffeta and carry white roses. Mr. and Mrs. Weatherly will leave soon after the ceremony for a trip South. On their return they will make Louisville their home.

Mr. Weatherly spent his boyhood at Madisonville, where now live his three sisters, Madames T. W. Gardner and Jno. B. Harvey and Miss Nellie Weatherly. His first connection with railroading was as a boy when his sister, now Mrs. Gardner, took him to Evansville and enlisted the interests of Capt. Lee Howell, general freight agent of the L. & N., in her brother. He was given work hustling freight at the depot, but the work was too heavy and laid him out. Capt. Howell then made him office boy until he could develop his shorthand and typewriting to the point of efficiency. He was stenographer to Capt. Howell's chief clerk for several years. Afterwards he went with Mr. J. G. Metcalfe when that gentleman was superintendent of the Henderson and St. Louis divisions. Later he went to Birmingham as chief clerk to Mr. C. B. Compton, then general agent for the L. & N. at that place. When Mr. Metcalfe became general manager, Mr. Weatherly went with him again for several years. Then, upon advice of influential friends, he went into the transportation department, where he has remained. He is now chief clerk to Mr. C. B. Phelps, superintendent of transportation, a very responsible position, and is regarded as a bright railroad man and a hard worker.

Mr. Weatherly will bring his bride to Madisonville for a visit to his sisters before the bridal trip is ended.

Corporation Assessments.

Frankfort, Ky., Nov. 27.—The State Board of Valuation and Assessment in session today fixed the franchise tax of the Louisville & Nashville Railroad Company at \$8,185,906, the Lexington and Eastern Railway Company at \$402,700 the Union Light, Heat and Power Company of Covington, \$167,368; the Winchester Water Company, \$22,750. The total valuation of railroad properties in the State is \$10,929,114, the taxation for franchise purposes being fixed at \$96,613.61.

MINING NOTES.

There have been violent labor disturbances recently at Bilbao as a result of the miners' strike and the almost inevitable anarchist association with all such movements in Spain.

OWINGSVILLE, Ky., Nov. 27.—John Bimian, forty years old, was killed at Hardison & Walker Clay's mines in Carter county by a dynamite explosion. Bimian had placed two charges of dynamite in place, and only one of them exploded on time. The other did not discharge. Bimian went in to investigate, when it was discharged, killing him instantly.

The water flow from the Cripple Creek drainage tunnel has been increased until now the total flow from the portal is 3,000 gallons a minute.

The Nortonville Coal Company is making another opening at Nortonville on the L. & N. R. R. They have struck a fine vein of coal there and the new mine is a slope. The first mine they opened was on the I. C. R. R. and they are preparing to make two other openings on that line. Since this company began operations there has been quite an improvement in Nortonville and many new buildings have been erected.

The Buffalo Creek Coal Company have erected twenty-five houses at the Daniel Boone mine for the use of the miners who are working at their mine near St. Charles.

The new machinery for the Bell Coal & Mining Company's mine at Sturgis, Ky., arrived at that place last Friday. The engine is a magnificent one of two hundred horse power built by the Erie Machine Works, of Erie, Pa. The flying wheel and hoisting drum weigh several tons each and all of the machinery is first class and up-to-date.

Henry Magenheimer of the Daniel Boone mine was here Sunday visiting his parents.

Pat Blair of the Diamond mine was in town this week.

William Lacy of the St. Charles mine has accepted a position as foreman at the Daniel Boone mine.

The operators of West Virginia have decided to ask the men to take a reduction in wages, giving as their reason that the present price of coal will not justify them in paying the wages called for in the present scale. The operators are fully organized and from the best information obtainable have their plans completed so that when the time comes all will be in accord and the demand for a reduction will be all along the line. Should the demand be refused it is understood that the mines will be closed indefinitely.

It is claimed that during the past eleven years the average productive capacity of American mines per man per day has been increased over 25 per cent, while in Germany the productive capacity per man per day has diminished in many of the mines and in others it has remained stationary. The reasons which are attributed to the increase in the United States are the introduction of mining machines, and more competent miners, and a wider knowledge and improvement in the system of mining in this country. All these have tended toward greater efficiency and better results.

SHORT LOCALS

Don't forget "Human Hearts" Friday night, Dec. 11. That is a play worth seeing.

Just received a nice line of children's underwear, union and separate suits, at J. M. Victory's.

What the K. C. boys did to McDonald last Monday night was sufficient.

Go to W. C. McLeod's for all kinds of accommodations. He will serve you.

MRS. JULIA MCGRATH.

Take a good look at the columns of *The Bee* this week and you will be convinced that our advertisers know a good thing when they see it. Advertising in *The Bee* brings results and that is the reason our friends, the advertisers, patronize us so liberally.

Large line of dress patterns for shirt waist and coat suits, no two alike, at J. M. Victory's.

Taking everything into consideration the Sherman Stock Company did moderately in its one week's stand at this place. This company has one or two "clever" actors and they were of course the whole show. Some of the plays were interesting and if they had arranged to keep some of their specialties in gay attire of the stage the audience would have liked it better.

Nobbiest line of ladies, gents and children's shoes in the city at W. C. McLeod's.

The Railroad and Coal Edition is out and it is a triumph of art and enterprise. Every family in Hopkins county should have a copy of this beautiful illustrated magazine to keep. It contains articles that are of great interest to you now and will be of greater interest 30 years hence. Copies can be secured by calling on or writing to *The Bee*, Earlinton, Ky. Price postpaid 25c. Order now, as we have only a limited supply on hand.

Have your tried M. B. Long's salt rising light bread? It is good.

Nice hats worth \$3 going for \$2 at Miss Anna Rice's. Call to see them.

Card of Thanks.

The family of Mr. Dubuque desire through the columns of *The Bee* to extend hearty thanks to the kind friends who labored so faithfully to save their household effects during the fire Wednesday morning.

Largest assortment and the latest fads in umbrellas at W. C. McLeod's.

Died.

Hazel, the infant daughter of Mr. and Mrs. G. L. Blackwell, who has been ill for some days with stomach trouble. The infant died at two o'clock and was buried at the Earlinton cemetery at 3 o'clock Wednesday. The bereaved parents have the sympathy of their friends in their trouble.

Notice.

Anyone having a second hand sewing machine to loan, I would be glad to borrow one for a short while.

Mrs. EGLOFF.

Big lot of new and up to date stuff at W. C. McLeod's.

To Lure a Cold in One Day.

Take Laxative Bromo Quinine Tonic. All druggists refund the money if it fails to cure. E. W. GORE & SONS is the signature on each box. 25c.

WANTED—FAITHFUL PERSON TO TRAVEL for well established firm in a few com. cities and towns of the state and adjacent Local territory. FRENCH LICK AND

WEST BADEN SPRINGS.

In the highlands of Indiana—a two hour ride from Louisville there flow wonderful healing waters, that you'd spend hundreds of dollars to enjoy if they were in Europe.

A recent visitor from Philadelphia, who formerly went to Carlsbad every year, said: "I do not see why anyone goes to Europe for medicinal waters. The water is as beneficial, and the scenery and surrounding country, the air and the opportunities for recreation are better; the hotels and all accommodations are much finer at French Lick-West Baden Springs"—and this gentleman is a native of Switzerland.

The splendorous wooded hills with the cool, invigorating air of the highlands, where one can enjoy rambles in the depths of the forest, or rides and drives among the numerous bridle paths and roadways, afford pleasure for those who desire rest and quiet. While the grand hotel cannot one can have all the entertainment and social pleasures possible at the most fashionable resorts.

ON THE MONON ROUTE

THURSDAY, DEC. 3, 1903.

GROVER CLEVELAND has positively and definitely stated, over his own signature in a letter to the editor of the Brooklyn Eagle, that he will never again be a candidate for president. This puts a certain end to the best presidential possibility within the Democratic ranks.

THE second annual exhibition of the Louisville Newspaper Artists' Association to be held at the Galt House during the second week in December, will be an attractive feature to the members of the Kentucky Press Association which holds its mid-winter business meeting in the parlors of the same hotel on Friday, December 11.

TODAY, with pleasure justified by the result of our labor, we present to our readers, to our patrons and to our advertisers our Special Coal and Railroad number. It is a fifty-two page magazine section of THE BEE filled with up to date and valuable historic and statistical matter along the regular lines of THE BEE's two leading news specialities, coal mining and railroad news.

This effort and this publication is substantial and genuine, because it is but a more elaborate development of THE BEE's legitimate, weekly work. It is no sporadic attempt at graft but a dignified and sincere representation of the important railroad and coal mining interests of this section of Kentucky. It is the product of much labor and a large expenditure of time and money, not perfect to be sure, but bearing on its face its own justification and leaving no ground for an apology for its existence.

In this number are presented the portraits and brief life histories of a large number of representative railroad men of Earlington, Howell, Evansville, Nashville and other points. Leading Coal mining concerns are represented in its pages in illustrated stories of their operations and of their officials. The complete compilation of statistical, descriptive and historic data concerning the geology and area of and the mining operations in the Western Coal Field of Kentucky, is presented in the special article written for this number by Mr. C. J. Norwood, Chief Inspector of Mines and Curator of the Geological Department for the State of Kentucky.

Recognizing these facts the local and the general advertisers have taken our space liberally, and this week the columns of both sections of THE BEE stand up and speak out the truth—that our readers constitute a discriminating public with money to spend, and therefore are of particular interest and value to the advertiser. As we have said before, these business men entertain the right appreciation of the character and purchasing power of THE BEE's readers and deserve the business reward they are sure to get through their use of space in THE BEE.

We again commend to our readers and patrons the progressive business houses, wholesale and retail, manufacturers, financial institutions, professional men and others, whose business announcements are presented in the columns of today's mammoth edition of THE BEE.

A Lesson in Success.

There is a lesson for every boy and for many adults in the example of Herman Feltier. A few years ago he was a newsboy in the streets of New York. Now he has been appointed to a comfortable position as expert stenographer in the government service at Mare Island.

Ever there was a boy "who had no chance" it was Herman Feltier.

At six had to sell papers to help support his family. When he was eight his father died. It left him the main support of a widowed mother and sisters. When he was ten he slipped under a car and lost a leg. Handicapped by being crippled, without an education, burdened with the support of others, what chance had he? Yet he made his chance. He worked diligently in the day. He went to night school in the evening. He studied stenography. He entered the Government service. Within two months he has been advanced to a responsible, well paying position.

There are boys with two legs who bemoan their lack of a chance to get an education. There are grown men who complain that they never had a chance. The example of this crippled boy's perseverance should be a life-lesson to them.—Ex.

Are You an Editor or Printer?

If so, address Box 94, High Springs, Fla. A good printing and job office, valued at \$1500, in a good field to be bought cheap. An investment plan for the little business man to keep busy.

I also have a \$1500 house and lot I will sell with the outfit, or will sell office separate. \$1000 will buy the house and lot on easy payments.

Why Some Women do not Rush into Matrimony.

A Chicago paper stated that there were 850 women in that city who had been deserted by their husbands and left to support their families alone; and yet some persons are disposed to rail at the new woman because of an alleged indisposition to rush into matrimony.

RECTOR OF ST. LUKES,

Ashburnham, Ontario, Testifies the Good Qualities of the Cough Remedy Recommended.

Ashburnham, Ontario, April 18, 1903.—It is only right that I should tell you what a wonderful effect Chamberlain's Cough Remedy had on me. I had a bad cold and fever. I was so distressed with a cold and cough that I did not think to be able to take any duties the next day. I had a bad cold and a bad cough. The same day I received an order from you for a bottle of your Cough Remedy. I at once proceeded to take a dose of the medicine. To my great relief the cough and cold had completely disappeared. I am now in full health again. On Easter Day, I know that this rapid and effective cure was due to your Chamberlain's Cough Remedy. I am most satisfied with the results of your treatment, so get a bottle of the same and I am sure you will be equally successful.

God's remedy. Yrs. truly yours,
E. A. L. F. Chamberlain, A.A.
Dr. Chamberlain's Church,
Chamberlain Medicine Co.

This remedy is for sale by St. Bernard Drug Store, Earlington; B. T. Robinson, Morris Gap; Jno. X. Taylor, Earlington.

Taking Life Easy.

Now the days are getting shorter and the nights are growing longer, and the mercury has tumbled several degrees; the pumpkin thrashing over, and we've hunked and shelled our clover, and squeezed the juice of apples into kegs; we'll just sit and drink hard cider and get a-getting tighter, till we get the weakly feeling our legs.—Brookport, Ill., Eagle.

By the time that old canal is built airships will obviate the necessity for it.

A THOUGHT FOR THE WEEK.

Advertising is like a race horse—the man who drops out is soon lost sight of. It's a good deal like winking at a pretty girl in the dark—you may know what you are doing, but no one else does. Advertising is the lifeblood of business. Every good ad is a stepping stone to success. Judicious advertising will start the ball rolling and keep it rolling. Continuous advertising creates confidence. The prevailing opinion is that one cannot be constantly before the public without being found out and known for what he is. The people believe in a man who can stand trial by the public. The business man who is contented with his business has stopped growing. The man who says he has enough, and therefore has no need to advertise, has reached the flood of the tide. But after the flood is the ebb, always. It is a law of nature that nothing shall stand in a state of rest. Everything grows or decays. No business can remain at a standstill for any considerable length of time. People who have not the business backbone to keep steadily at it until they've succeeded had best keep away from advertising. Otherwise they're liable to develop into those sorrowful specimens who occupy benches in the extreme rear where they mutter imprecations to the effect that "advertising doesn't pay."

Climate Cures.

The influence of climate conditions in the cure of consumption is very much overdrawn. The poor patient, who is not in the best condition, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. This medicine, when properly made certain by German Syrup, is a good night's rest and the absence of that weakening cough and difficulty of breathing which are the nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be easily removed by proper attention to the medicine. German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the number of consumptives there, the few who are benefited and gain strength are those who use German Syrup. Trial bottles, 25c; regular size, 75c.

Constipation

And all symptoms and
Results of Indigestion

Absolutely removed by the use of

DR. CARLSTEDT'S
GERMAN LIVER POWDER

Money refunded if you are not pleased
with results; has cured thousands
—and you?

Mr. E. H. Hacken, a prominent merchant of Middletown, Ky., was a sufferer for years from constipation, and was unable to find any relief until he tried Dr. Carlstedt's German Liver Powder. He gave it a single trial, when he began to feel the effects of the medicine. He was surprised to find himself cured at this first trial. He has since used the medicine every day, and has been perfectly well ever since. If well man does not use any medicine, it will not do him any good. If you are constipated, take this. It will cost you only 25 cents, and should it not cure you, we will refund your money.

FREE RECLINING CHAIR CARS.

The Henderson Route!—Always First.

Louisville, Ky., Oct. 29, 1903.

Those who are suffering public or private to learn of the latest information in the way of comfort in travel for their pleasure, will be most popular railroad. The Henderson Railroad, which has been rightly termed the "Traveler's Official Route."

It has just been announced from the Louisville and St. Louis Railroad that they now have in service on the night trains between Louisville and St. Louis free Reclining Chair Cars, which have just been received from the shops and are a revelation to all who travel by rail.

The cars are strictly up to date, first class "palaces of travel" on wheels, and this is only one of the many improvements which the public will be glad to find in the Henderson.

Among other advantages offered in these highly finished cars, a few of the most important points only are mentioned:

They are solidly constructed and are furnished with a reclining chair, a polished green plush, in addition to smoking and toilet rooms, the smoking rooms being finished throughout in leather. They are built with triple trucks, which feature will do away with the jerk, jar and sudden lurches, which are always uncomfortable, and insures a smooth, comfortable ride. This should prove more than a popular feature in rail travel to the traveling public.

HOLIDAY HEADQUARTERS

WE are dealers in everything that is swell and up-to-date in both the Fancy Goods and Jewelry, suitable for handsome Xmas Presents.

HAVE you seen our Souvenir Spoons of the New Madisonville School building? They are certainly swell.

WE are also the largest dealers in the city in Talking Machines and Records. We handle the Edison and Victor goods.

DROP in our store and hear some of the popular selections on the talking machine. They will make a nice Xmas present.

HAVE you made a guess as yet on the machine in our window? If not you should do so at once. It is a fine machine and is worth trying for.

FOR particulars call at our store. We will do the rest. Remember we are headquarters for everything in our line.

Earlington, Ky.

I have recently opened a first class meat market on Main St., next to Jno. X. Taylor's drug store in the Robinson block, where I will keep on hand at all times Beef, Pork, Poultry and other meats.

Give me
Your
Trade.

I will
Appreciate
It.

You will be satisfied with the meat you receive from this shop.

DAWSON HUNTERS

Have Made Records at Quail Shooting This Season.

N. L. Halemon, of Dawson Springs, has to his credit thus far this season over 100 quail. Will P. Scott has killed 68 in several days hunting ranging as high as 17 birds in one day, notwithstanding the supposed scarcity of birds. There are twelve hunters in Dawson who are said upon best authority to have killed an average of 50 quail each since the season opened. Thus far Dawson has the palm.

Report from the Reform School.

J. G. Gluck, superintendent, Pruyntown, W. Va., writes: "After trying all other brands of Laxative, I have decided to use Poler's Honey and Tar exclusively in the West Virginia Reform School. I find it to be the most effective and absolutely harmless." Said by Jno. X. Taylor.

Died on Thanksgiving Day.

Charles Ewing Lacy, the twenty-three year old son of Mr. and Mrs. Wm. Lacy, of St. Charles, crossed over the silent river of death on Thanksgiving day, and was interred on the following day in the St. Charles cemetery.

Mr. Lacy had been ill quite a long time with that insidious disease, typhoid fever, and his death was not unexpected. His sorrowing parents and wife have the heartfelt sympathy of the entire community.

Millionaire's Poor Stomach.

The most out-and-out example of the evils attendant on the possession of great wealth is that millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the poor. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a good medical man like George A. August, Fireman, which has been a favorite household remedy for all stomach troubles for many years. August's Flower root is the best living thing, creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life a pleasure. Write to us for your station. Retail bottles, 25c. regular size, 75c.

LOCOMOTIVE BLASTS

on similar occasions in the past, was put in charge in Mr. Heggy's place.

Engine 605 has been turned out of Howell shop after a general overhauling. The engine made a few trips on the transfer between the E. & T. H. and the L. & N. for the purpose of breaking her in, after which she was sent to the Memphis Line for the future service.

Engineer H. T. Mulvaney has gone to Cincinnati, O., to visit his brother, who is in a hospital at that point.

Thomas Walsh spent Thanksgiving at Montgomery, Ala., with his son, F. O. Walsh, and son-in-law Frank Baugh.

Two new engines numbering 1018 and 1019 have been stopped off at Nashville, where they are to be set up and put in service on these divisions.

Stephen Biederman, who has been connected with the master mechanic's office at Howell for about a year and a half as messenger and office-boy, has been promoted to position on the shop-end engine, the old 1051. The new messenger and office-boy is John Stroet.

When Frank Sherman, the air-brake instructor of the L. & N. system, gets through with his lectures at Nashville Terminal, where he now is located with his car, he will lay the car up for the winter months.

Howell shops closed down for Thanksgiving this year, doing only such work as had to be done to keep up running repairs.

A railroad man after going to church for the first time in twenty years was heard to remark that, being a non-air-breaker car, he was obliged to take a

position in the rear of the train.

Carpenter W. B. DeJarnett, wife and mother left Howell this week for Fort Worth, Texas, for an extended visit.

Additional coal pockets have been supplied at the Guthrie coal chutes. There has also been put in operation a new crane, which is provided with a Harvard clam-shell pocket, which loads itself.

While Brakeman R. A. Gowdy was hanging on the side ladder of a car at Enfield, Ill., last Saturday he was struck by a signal target and knocked off, injuring him to such extent that he had to be taken to the St. Elizabeth hospital at Belleville, Ill.

C. E. Ward, engineer on the S. D. coal train, is off on the sick list this week.

M. F. Bagley, foreman of the car department at Howell, has been down with rheumatism for the past two or three weeks.

There have been put on lately at the Masconau, Ill., coal tipple some additional chutes, which are higher than the old ones for the purpose of accommodating the high "nines" recently put on at the St. Louis division.

There was a fire at the St. Louis terminal last Sunday night from an unknown cause, damaging the roofs of several buildings. One of the buildings belonging to the L. & N. was considerably damaged, as well as contents, amounting to about \$500,000.

For any employee to violate knowingly any rule of his employer is a sin.

When you look at the high speed they are attaining over in Germany, those fellows are not so slow.

THE PRESIDENT IS INDIGNANT

Summary of the Findings in Fourth
Assistant Postmaster General
Bristol's Report.

MOST ASTOUNDING RASCALITY IS SHOWN TO HAVE EXISTED.

An Organized Band of Greasers Systematically Plunders the Public Treasury-The President Expresses His Indignation and Urges Prompt Punishment.

Washington, Dec. 1.—Following is a summary of the findings presented in the investigation of Postmaster General Bristol with reference to the post office scandals:

"More than forty inspectors have been employed upon this work, some of them continuously every day since the investigation began. In this time 1,000 post offices have been examined, and the files of many divisions of the department, covering a period of from six to ten years, scrutinized.

"The system of organized corruption that has been disclosed began in 1893 and continued until the time of the investigation. The amount of money secured by the corrupt officials and their confederates is small as compared to the total loss to the government. To illustrate: The only evidence that Long received any compensation from Ault & Wilcox, yet during the first year of his administration the expenditures for canceling ink increased over \$10,000.

"It does not appear that Kepner received any money from the mail order company, yet the cost of manifold supplies increased more than \$40,000 a year.

"Barrett received but \$6,000 from Ault & Wilcox, yet that company defrauded the people out of over \$30,000.

"Machen probably did not receive any compensation from the mail order company, yet the government had paid approximately \$120,000 for that device, which represents a net loss, since the department continued, by the terms of the contract for letter boxes, to pay for the device.

"Beavers and his associates received less than \$20,000 from the automatic cashier, yet the department expended \$74,275 for this wholly unnecessary machine.

"The total amount that the permanent mail order franchise, which Kepner received can not be definitely learned, but it will aggregate between \$200,000 and \$400,000, while the loss to the government, considering the unnecessary supplies that have been purchased and by the fraudulent contractors, can only be estimated with any degree of accuracy.

"As the gross abuses have been brought to light they have been promptly corrected by the proper department officers. Contracts where fraud had been discovered have been annulled.

"As a result of the investigation four officers and employees of the department have resigned and thirteen have been removed. Forty-four indictments have been found, involving thirty-one persons, ten of whom have been connected with the post office service.

In a memorandum accompanying the report the president urges "an investigation that such a state of affairs should exist, and urges the prompt trial and punishment of the offenders.

BARRETT SENTENCE DELAYED

Action Deferred to Await Results
of District Attorney Dyer's
Investigation.

St. Louis, Dec. 1.—Thomas G. Barrett, who was convicted with John V. Dein and Police Officer Frank Niedermeyer of mail robbery, was not sentenced in the United States District Court on Monday, as was predicted.

United States District Attorney D. P. Dyer, which Barrett was called, said he would not sentence him until he was sure of the sentence that he could be expected to receive and to determine the ten or twelve other indictments against Barrett and ascertain whether or not he should be again placed on trial.

Judge Adam consented to the continuance and ordered that Barrett report in court daily.

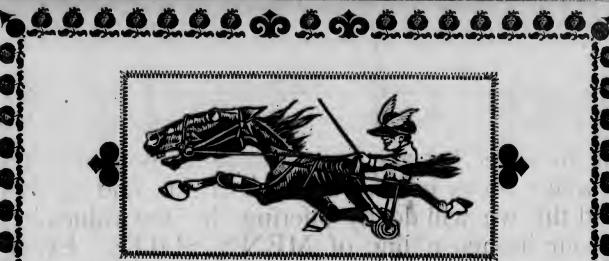

RAINING DAKOTA DIVORCES.

1,200 Judge Holds That Under
Certain Conditions Dakota Divorces are Null and Void.

Des Moines, Ia., Dec. 1.—Judge James E. Howe, of the district court, holds that a decree granted under the Dakota divorce statute, if it is proven the non-resident litigant resided there merely for the purpose of securing divorce, is null and void. The decision was rendered in the Fagen case, where a widow sued to recover her divorce rights and was resisted on the ground that her husband had divorced her prior to his death. The court holds the Dakota decree to be invalid.

Killed While Getting Shotgun.
Alton, Ill., Dec. 1.—George Etzback, a farmer near Centralia, was accidentally shot and killed while cleaning a shotgun Sunday. The bullet took effect in his stomach, and he died instantly.

Wife Dies.
St. Louis, Dec. 1.—John Rummel, an iron manufacturer, "overcome by weakness" in a "cafe" (confined by Clinton Wells, at 16th and Locust streets) and died the same day.
